# STA 474 2.0 Statistical Consultancy

Due date: 8 December 2021 (9.00am)

Method of evaluation: Viva and final documentation. Please note that all your work should be reproducible.

Marks: 100

## Task:

We are going to create a dashboard to share our results. The 2020 - survey results dashboard is available at

https://scs-fas-sjp.netlify.app/dsjobtrackervisualisation/scsdashboard

Every single one of you needs to create a panel for the dashboard. Please select a suitable topic for your panel.

## Which data to use?

Use 2021 survey data only

## Software packages

Please use flexdashboard package to create the panel.

The link to the package: https://pkgs.rstudio.com/flexdashboard/#/

## Files to submit

- All documents necessary to reproduce results.

- Final HTML output
